End of Phase 1 Training Notes

From a very inauspicious start, Saoirse has scraped her way to completing Phase 1.

Saoirse has shown an aptitude for fighting but shies away from confrontation. She has shown little outward aggression and that has been a cause for concern. We hope that Phase 2 will encourage some aggression and a strengthening of her character.

The initial indoctrination phase was accomplished with only minor issues and Saoirse is deemed suitable both academically and qualification wise to proceed to her Phase 2 training. Her academic scores have been acceptable.

End of Phase 2 Training Notes

Saoirse has shown increased aggression and an ability to face her fellow Predators in CQC.

There has been a marked increase in her studies, both theoretical and physical. She is still a very middling Predator and for now she is not expected to amount to much and may face termination during Phase 3.

End of Phase 3 Training Notes

Saoirse has excelled in everything, going against what was expected of her.

...

...

Saoirse has developed an adverse relationship with another trainee Predator, namely Stephanie Walker (Psyche). It seems only to have been a small quirk of fate that it was not Saoirse who was killed in the shower. Since the attack, Saoirse has stepped back from abusing Psyche, but continues to do so from a safe distance.

The relationship has been noted and it is possible that Saoirse may prove useful as a nemesis.
